

All of you are wanting to be leaders whether you know it or not.

You are asking to be involved in a ministry at Turkey Hill Ranch Bible Camp that requires you to live your life out front,

publicly as a living testament to the saving work of Jesus Christ in you.

You are, in effect, saying " I want to be involved in the work at Turkey Hill so that I can be a part of LEADING others to Christ.

I want others to watch me and hear me and know more about Jesus. .

I want to be among my peers as a man or woman who will stand firmly by my convictions in order to LEAD my fellow brothers and sisters to a more committed walk with Christ."

That is what you are telling me when you send your applications in to me.

When you take ministry seriously, you become a leader. People will be watching.

**-Sonny Williams-**
